## WILL STUDY IN AMERICA

Prince August Wilhelm, fourth son of the German Kaiser, will be a student in an American university. Like all male members of the family, the Prince will go to the university in Bonn for three terms, then he will study at Strassburg or Munich. It is the intention of his Imperial Father after this to let the young man attend several courses of lectures at either Harvard, Yale or Cornell. After he has passed through his American training, he will take a term at either Oxford or Cambridge where he will be made proficient in the state sciences.

## HENRY TO ACT

A large force of prisoners is to be put to work tomorrow morning repairing the public sea bathing place at Waikiki. High Sheriff Henry said today that he proposed to get as many prisoners as possible, and put them to work, without and regard to the county supervisors who he says are not apparently to make any appropriation to put the bathing resort into a proper condition.

There are some carpenters who are prisoners and the high sheriff says that he will have these men do the skilled part of the repairing.

## SEEKING TO GAIN CHILD

HABEAS CORPUS PROCEEDINGS  
STARTED BY FATHER TO SECURE POSSESSION OF HIS CHILD

An interesting habeas corpus hearing was on before Judge Robinson today. Frederick Freitas sought to secure possession of his daughter, Lucia, who was in the custody of Paulo Rodrigues and Antone Rodrigues, her uncle and grand-father, respectively. The relatives by their attorney, L. M. Straus, filed an amended return. They admitted that they were not the legal guardians of the child and admitted that the father was such, but they said that he was not a fit and proper person to have the custody of a girl of such tender years. He was alleged to be a drinking man and to frequent places that he had better avoid. Moreover he was in receipt of only \$25 a month income, it was alleged, out of which he had to support himself and two minor children. On the other hand Antone Rodrigues was in receipt of \$225 a month and he was able and willing to provide for Lucia. He was willing to have her sent to the Sacred Heart Convent school and provide for her education and care.

## COMMISSION MAY MODIFY

MAY MAKE EXCEPTIONS IN RULE REGARDING ISSUANCE OF LICENSES TO OUTSIDE DISTRICTS.

There will be a meeting of the Liquor License Commission this afternoon. The recent resolution passed by the Maui Liquor License Commission regulating places where retail liquor is sold, will probably be discussed. This resolution prohibits any soliciting for the sale of liquor by a retail establishment. Such a regulation will, if passed, prevent any wholesaling by the retail dealers. The local Oahu Commission had already discussed a regulation along similar lines, but further action on this score may be taken.

It is by no means positive that the regulation passed by the Oahu Commission fixing a saloon district will be rigidly enforced. It was, according to one of the Commissioners who favored such a regulation, the idea that the Commission would follow a policy that would be generally against the issuance of saloon licenses outside of the saloon district in Honolulu, but it was not intended to make the regulation a hard and fast rule. There will, in all likelihood, be some exceptions made in this matter when the applications are considered. No applications will be considered before June 21.

(Associated Press Cable to The Star.)

## FIRE OUT WHEN ENGINES ARRIVED

COOK HOUSE BLAZES IN YARD OF LAWELAW'S SOUTH STREET RESIDENCE AT NOON.

A home-made stove, on a box under an open shed and immediately in the rear of an out-house in the yard of J. A. Lawelawe on South street, caused excitement at 12:10 o'clock this afternoon by communicating fire to the aforesaid structures.

An alarm was turned in from Box 27, and those at hand turned the garden hose on the flames. The little blaze was under control by the time the fire boys got there and that was less than five minutes from the sounding of the alarm. Damage is chiefly to pots and pans.

## THREW HIMSELF ON MERCY OF THE COURT

ALLEGED GAMBLER, SENTENCED TO 30 DAYS, CHANGES HIS PLEA AND COURT INFLECTS FINE.

A case which would seem to set right an injustice done in the district court, came before Judge De Bolt this morning on an appeal. It was in the matter of one Kekipi. He was arrested with three of four others on a charge of being present at a gambling game. The others pleaded guilty and were fined \$5 and costs each. Kekipi pleaded not guilty, was tried, convicted and sentenced to serve 30 days in jail. Judge Gear took the case and appealed but the death of Gear necessitated a delay in the matter.

A. S. Humphreys appeared for Kekipi. Kekipi withdrew his appeal and threw himself on the mercy of the court. He pleaded guilty to being present at a place where gambling was conducted. His attorney explained the situation saying that Kekipi had not been present at the game at all, or been a participant in it but merely had been in the vicinity of the game when the raid was made. Judge De Bolt stated in effect that it was right on the part of Judge Whitney to have fined the men who had admitted they had been actually engaged in gambling, only \$5 and to give Kekipi 30 days in jail. The fines should have been at least \$10. The court fined Kekipi \$6 and costs.

## ANDREWS WINS OUT

JUDGE HAS ADMITTED HIM TO PRACTICE—BROOKS AND OTHERS THREATEN IMPROVEMENT.

According to a dispatch printed by the Chicago Daily News, Lorin Andrews has been admitted to practice before U. S. Consular Judge Wilfley at Shanghai. This information has not before been received here, either through Associated Press or private sources.

The dispatch and headlines are as follows:

WILL IMPEACH AMERICAN JUDGE  
Disbarred Lawyers Aroused Against Ruling in Shanghai.

Special Cable to the Daily News.

"SHANGHAI, May 31.—Judge Wilfley of the American court in China, has admitted to practice Lorin Andrews, an attorney, who was disbarred in January. The other lawyers who have been disbarred and have not been readmitted to practice now propose to begin impeachment proceedings against the judge."

The last information received here from Shanghai was brought week before last by E. A. Douthitt who returned from that place by the S. S. Hong Kong Maru. He said that there was then, a great deal of feeling against Judge Wilfley. The indications were that Andrews would be admitted to practice before Wilfley. Evidently this admission was ordered a few days after Douthitt left Shanghai.

The practical disbarment of Andrews and practically every other American lawyer by Wilfley, was one of the most sensational occurrences in the foreign settlement in Shanghai. It occurred last January. Wilfley who had been attorney general in the Philippines, was later made judge of the new American consular court at Shanghai. It is said he went out there with resentment in his heart against certain of the American attorneys whom he had met in Manila, and with the further intention of revolutionizing things. He announced that every attorney should take an examination for admission to his court. About 40 attorneys stood for the examination most of them Americans, with about two exceptions all were told by Judge Wilfley, that they had failed to pass.

In speaking of the matter Lorin Andrews who had formerly been attorney general of the Territory of Hawaii, and who can practice before the Supreme Court of the United States, said in an interview here, that Wilfley refused to permit any of his victims to review their examination papers. He simply announced the results to them. It seems further, according to Andrews, that Wilfley dug up the most complex and obsolete questions of law.

It was during the course of the examination that former Judge E. H. Lamme who had been a leading attorney of Los Angeles and later of Manila, uttered one of the most original and humorous remarks that has come out of the Orient. The "class" had been asked to explain the doctrine of "cy pres."

"Excuse me, Judge," said Lamme. "You have made a mistake in spelling."

"How so, Sir, curiously inquired Wilfley.

"This ought not," imperturbably replied Lamme, "to be spelt cy pres. You meant cy press, that is a tree used at funerals and judge that you intend this examination to be a funeral for most of us here."

And it was.

### WAS AN ERROR.

The statement that Ah Kau and sixteen other Chinese convicted in Judge De Bolt's court last week of being present at a place where gambling was conducted, had been fined \$50 in the lower court, was incorrect. The Chinese had been fined \$20 each in the district court. Judge De Bolt sentenced them to pay a fine of \$10 each. This morning they filed a motion for new trial.

## LABORER IS KILLED

JOHN SILVA, EMPLOYED AT THE NUUANU DAM, MEETS WITH ALMOST INSTANTANEOUS DEATH.

John Silva, Portuguese workman, was killed at the Nuuanu dam this morning about 8:20 o'clock by being thrown from his feet and dashed to the ground by the springing taut of a steel cable used in hauling rock to the works and over which he was standing.

Silva was standing over the big wire used to draw cars up to the dam structure. The cable was slack at the time he took his position over it. He was drilling for a blast on the bluff near the block and tackle between the power house and the rock pile. Suddenly he was seen to shoot up ten or fifteen feet and fall heavily to the ground. The wire had become suddenly taut, the engine having started to haul up a car load of rock, and as it tightened it straightened out with a great jerk and the Portuguese went up like a stone from a catapult. He died soon after.

Outwardly there was little evidence of injury, but the fall resulted in internal injuries that proved fatal.

The body was taken to the morgue in a wagon. Coroner Jarrett summoned the following to meet at 7 o'clock tonight for the inquest: Gus Pearson, George Kallikane, Charles Clarke, G. Kawai, E. K. Rathburn, William Lucas.

Silva was about forty years of age, married and leaves ten children. They reside in Moiliili.

Contractor L. M. Whitehouse notified Sheriff Iaukea of the accident in person. Tonight's hearing will bring out whether the deceased was careless or his death was due to the negligence of others.

## SUMMER HOMES NEAR VOLCANO

LAND OFFICE WILL SELL 5-ACRE TRACTS TO PEOPLE WHO DESIRE TO BUILD NEAR PELE.

Land Commissioner Pratt is going to open a very important piece of land. It consists of residence lots at 29 Miles, Hawaii. These lots will be sold outright. They are located about a mile or so from the volcano house on the Hilo side. Many people of Hilo have applied for lots in that locality, as they desire to have them for summer residences. The idea of many is to erect substantial residences or bungalows where they can pass considerable of their time during the year.

Commissioner Pratt was in conference with the Acting Governor this morning and the latter approved the idea. The sale will be made shortly. It has been decided not to impose conditions with these lots, but to sell them outright for cash. The details of the sale will be announced later.

## LARGE CATCH

There was an enormous catch of fish off the Molokai leper settlement last week. President Pinkham of the Board of Health has received word about the occurrence. About 3000 pounds of fish were caught in one day by the natives at the settlement.

What impressed the matter upon President Pinkham's mind was the fact that if he had been given the ice and cold storage plant for the settlement that he has tried in the past to secure, a large supply of the fish could have been preserved fresh in storage. Jack McVeigh, the superintendent of the leper settlement, is still at Molokai.
